

Сергей Григорьевич Псахье

2 марта 1952 г. - 22 декабря 2018 г.

На 67 году жизни скоропостижно скончался известный ученый **Сергей Григорьевич Псахье**. Физик-теоретик, член-корреспондент Российской академии наук, директор Института физики прочности и материаловедения Сибирского отделения РАН, председатель Президиума Томского научного центра СО РАН, профессор кафедры теории прочности и проектирования Томского госуниверситета.

Сергей Григорьевич Псахье родился 2 марта 1952 года. Научную карьеру начал в 1977 году, став аспирантом Томского госуниверситета. С 1984 года его жизнь и карьера были связаны с Институтом физики прочности и материаловедения (ИФПМ) РАН – сначала он был старшим сотрудником, затем заведующим лабораторией компьютерного конструирования материалов. В 2002 году возглавил ИФПМ РАН. В 2011 году избран членом-корреспондентом Российской академии наук. Автор и соавтор более 300 научных работ, в том числе 20 патентов.

Сергей Григорьевич был большим другом и автором нашего журнала «В мире науки» и портала «Научная Россия». Всегда был готов ярко, интересно и доступно рассказать о сложнейших научных исследованиях, которыми занимался. Был очень доброжелательным, интеллигентным, жизнерадостным человеком.

Выражаем глубокие соболезнования и сочувствие родным и близким Сергея Григорьевича. Скорбим вместе с вами.

«В одном мгновенье видеть вечность, огромный мир – в зерне песка, в единой горсти – бесконечность и небо – в чашечке цветка» (Уильям Блейк). Любимые строки Сергея Григорьевича Псахье.

«Он был совершенно потрясающий человек. Находящиеся рядом с ним люди понимали, что он поможет в любую минуту, с полуслова понимая, как и чем нужно помочь. Лично мне он ни один раз спасал жизнь. Для меня это настоящий ученый и в прикладной и в фундаментальной науке. Его работы особенно ценны с точки зрения внедрения и инноваций, о которых мы сегодня говорим. По многим направлениям он совершенно выдающийся ученый, к примеру, в материаловедении», – сказал "Научной России" советник генерального директора РКК "Энергия" Александр Черняховский.
